

Office chest of drawers 3 drawers h1033_17

Metal office chest of drawers on wheels with 3 drawers and soft-closing. Dimensions: W 38 x D 45 x H 53 cm.

The **H1033_17 3-drawer office chest of drawers** is a compact and functional solution designed to organize documents and operating materials in an orderly and efficient manner. Ideal for single workstations, operational desks, and modern offices, it stands out for its construction quality and essential design, easily integrated into various professional contexts thanks to the available finishes.

Made of **first-choice 8/10 DC01 steel sheet – UNI EN 10130**, it guarantees solidity and resistance to daily use. The surface is treated with **electrostatic epoxy-polyester resin powder coating**, after a **phospho-degreasing** treatment, to ensure protection and aesthetic uniformity over time.

The **3 steel drawers** slide on **pressed steel guides with nylon roller bearings** and are equipped with a **soft-closing system**, which allows for controlled and silent closing, improving user comfort. Opening is via a **side groove**, a solution that keeps the front clean and free of protruding handles.

For the security of the contents, the chest of drawers is equipped with a **cylinder lock with a double safety folding key**. The **anti-tilt device** allows the opening of only one drawer at a time, increasing stability during use.

Available on wheels, it facilitates movement under the desk or between different workstations.

Choose the compact and professional **H1033_17 chest of drawers** to complete your office furniture. Contact us for more information or for a quote on multiple supplies.

FAQ:

1. **Is the chest of drawers equipped with a soft-closing system?**
Yes, the drawers are equipped with a soft-closing system for controlled and silent closing.
2. **Is there a lock?**
Yes, it has a cylinder lock with a double safety folding key.
3. **Are the drawers safe against tipping?**
Yes, there is an anti-tilt device that allows the opening of only one drawer at a time.

4. What material is it made of?

It is built in 8/10 DC01 steel sheet – UNI EN 10130, powder coated.

5. Is it suitable for small spaces?

Yes, the compact dimensions (38 x 45 x 53 cm) make it ideal for workstations with limited space.

Mini purchase guide:

When choosing an office chest of drawers, it is important to consider dimensions and functionality. A compact model like the **H1033_17** is suitable for desks with limited space. The presence of the soft-closing system improves acoustic comfort and the durability of the guides. The **8/10 DC01 steel sheet** structure guarantees robustness, while the lock and anti-tilt system are fundamental for safety and stability. The wheels represent an advantage in dynamic contexts where it is necessary to easily move the chest of drawers.
