

Office desk h776_70

Made in Italy office desk, ISO 9001, ISO 14001 and OHSAS 18001 certified, with melamine-faced wood conglomerate top, metal structure with inverted "T" legs and adjustable feet. Dimensions: W 160 x D 80 x H 73 cm.

The **office desk H776_70** is the ideal solution for those looking for **elegance, functionality and resistance** in a single structure. Made entirely in **Italy** by a company certified according to **ISO 9001 (Quality), ISO 14001 (Environment) and OHSAS 18001 (Safety)** standards, it guarantees **reliability, durability and compliance with current regulations**.

The **desk top** is made of **melamine resin-faced wood conglomerate**, with a **thickness of 25-30 mm**, which ensures robustness and resistance to daily wear. The **ABS perimeter edges** in the same color as the top, with a thickness of **2 mm and rounded corners**, comply with **accident prevention regulations**, offering a safe and ergonomic work environment.

The **metal structure painted ral 9006 grey** is characterized by **inverted "T" legs**, made with **tubes with a 100x30 mm section in the vertical part and 70x20 mm in the horizontal part**, guaranteeing **stability and resistance**. The finish is treated with **epoxy powder paints**.

Another distinctive element of this desk is the **cable management beam under the top**, made of **folded and epoxy powder-coated sheet metal**, perfect for **cable management and the orderly passage of electrical connections**. Furthermore, the desk is equipped with **adjustable feet**, which allow it to be perfectly adapted to any surface, avoiding unevenness or instability.

Available in various finishes, the **H776_70 desk** easily adapts to any professional context, from workstations to executive offices, guaranteeing **functionality and a modern aesthetic**.

Make your office more functional and elegant with the **H776_70 desk**! **Buy now** or **request a personalized quote**.

FAQ:

1. **Is it possible to adjust the height of the desk?**

No, the height is fixed at 73 cm, but the adjustable feet allow for compensation of any floor unevenness.

2. **Is the desk suitable for multiple workstations?**

Yes, thanks to its length of 160 cm, it can comfortably accommodate computers, documents and accessories for professional use.

3. **What color is the desk top?**

The desk top is available in various colors.

4. **Is the surface of the top resistant?**

Yes, the treatment with melamine resins makes the top resistant.

Mini purchase guide:

If you are looking for a **robust desk, with a modern design and quality certifications**, the **H776_70** is the perfect solution for your office. The **spacious and resistant top**, combined with the **metal structure with inverted “T” legs**, guarantees **stability and practicality**, while the **cable management beam** allows for orderly cable management.
