

Office document cabinet h786_17

Office cabinet in 0.8 mm sheet metal, 180x45x200 cm. Space-saving sliding doors, 8 adjustable shelves, and security lock for folder archiving.

The **office document cabinet** is a professional solution designed for the organization and protection of paper material and important archives. Featuring a **monobloc steel sheet structure** with a thickness of 0.8 mm, the cabinet offers high stability and mechanical resistance, finished with RAL 7038 painting. The **sliding doors** system on tracks integrated into the anodized aluminum front frame allows access to documents without external bulk, making it ideal for environments with limited maneuvering space. Content security is guaranteed by an integrated lock.
