

## Office task chair h449\_132

Ergonomic and swivel task chair, with gas lift and synchro mechanism between seat and backrest. Up-down adjustable backrest, anti-shock function and Ø 60 mm nylon wheels. Maximum load capacity: 150 kg.

The **office task chair H449\_132** is designed to guarantee **comfort, ergonomics and resistance** during long working hours. Ideal for offices, professional studios and workstations, this chair offers **optimal back support and wide adjustability**, allowing it to adapt to the user's needs.

Thanks to the **steel structure** and high-quality materials, it ensures **stability and durability over time**. The **mechanism** allows for synchronized movement between seat and backrest, with the possibility of **locking the tilt in 4 positions** to find the ideal posture.

The **permanent contact mechanism** keeps back support constant, while the **anti-shock system** protects against sudden movements when the backrest lock is released.

The **gas lift** allows for **seat height adjustment**, adapting to different statures and desks. The **up-down adjustable backrest** ensures personalized support for the lumbar area, promoting **correct posture and reducing fatigue**.

The seat and backrest are **padded with T40 sponge h 6 cm** and upholstered in **resistant PPL**, with a **multilayer beechwood interior** for greater robustness. The **Ø 60 mm nylon wheels** guarantee smooth mobility on different surfaces.

Improve your office comfort with the **task chair H449\_132**! Buy now or request a personalized quote.

## FAQ:

### 1. Is this chair suitable for prolonged office use?

Yes, thanks to the ergonomic structure and customizable adjustments, it is perfect for long working hours.

### 2. Can the synchro mechanism be locked?

Yes, the backrest tilt can be locked in 4 positions.

### 3. Are the wheels suitable for parquet floors?

Yes, the nylon wheels glide well on different surfaces, but a protective mat is recommended for delicate parquet floors.

### 4. Is the backrest height adjustable?

Yes, the up-down system allows you to adjust the backrest height for personalized lumbar support.

### 5. Does the chair arrive already assembled?

No, it is supplied disassembled, with instructions for quick and easy assembly.

## Mini buying guide:

If you are looking for an **ergonomic, resistant and adjustable task chair**, the **H449\_132** is the ideal solution. Thanks to the **synchro mechanism, the up-down backrest adjustment and the padded seat**, it guarantees maximum comfort even for prolonged use.

Perfect for **offices, professional studios and workstations**, it is designed to promote **correct posture** and reduce fatigue. The **steel structure and nylon wheels** ensure **stability and mobility**, while the **anti-shock** system protects against sudden movements.

If you are looking for a chair that combines **design, functionality and ergonomics**, the **H449\_132** is the perfect choice for your workspace.
