

Office umbrella stand h413_121

Round umbrella stand in black painted metal, Ø 30 x H 70 cm. Structure with dedicated compartment for small umbrellas, ideal for offices and waiting areas.

The **h413_121 round umbrella stand** is a technical furnishing accessory designed for professional contexts such as offices, medical practices, and reception areas. Made of **high-resistance painted metal**, this accessory ensures durability and mechanical stability even in high-traffic environments. The matte black finish gives a modern and professional aesthetic profile, facilitating integration into various interior architectural styles.

The cylindrical configuration with a **diameter of 30 cm** allows for optimal positioning in tight spaces, such as corridors and entrance corners, without obstructing passage. The functional peculiarity of this model is the integration of an **internal compartment dedicated to small** or folding umbrellas, which prevents clutter and facilitates item retrieval. Maintenance is simplified by the treated surface, which only requires the use of a damp cloth to remove water residues or dust.
