

Oil spill kit in 109 Lt container h1043_55

109 Lt oil spill kit h1043_55 in 108 Lt polypropylene container. With 75 pads, socks and White Sorb bag. Dim. 650x500x570 mm.

The **109 Lt oil spill kit in container** (model h1043_55) is a mobile or stationary emergency response system designed to meet pollution control issues within industrial plants, workshops, depots, and hazardous substance storage areas. Developed for **Safety Managers (RSPP), technical offices, environmental managers and logistics maintenance staff**, this set is aimed at professionals who require fast and effective tools for containing accidental spills. The device solves the operational problem of **immediate safety of work surfaces and the ground in the event of hydrocarbon and oil leaks, blocking the propagation of contaminants before they reach drains or surrounding land**. Entirely housed in a 108 Lt polypropylene container and equipped with nylon components and dedicated absorbent materials, the kit guarantees a minimum absorption capacity of 109 litres, offering a complete and ready-to-use equipment to face environmental emergencies in the workplace.

Technical specifications

- **Product type:** absorbent emergency response kit for oils and hydrocarbons
- **Intended use:** designed to meet pollution control and spill containment issues
- **External container material:** polypropylene
- **Internal components and accessories materials:** polypropylene, nylon
- **Container volumetric capacity:** 108 Lt
- **Minimum guaranteed absorption capacity:** 109 Lt
- **Empty container structural mass (Weight):** 6.3 kg
- **Overall geometric dimensions (L x W x H):** 650 x 500 x 570 mm
- **Pads included:** 75 absorbent pads measuring 41 x 46 cm
- **Barriers/socks included:** 6 absorbent socks with diameter $\varnothing$ 7.6 cm and length 122 cm
- **Loose absorbent supply:** 1 bag of White Sorb particulate
- **Personal protective equipment included:** 2 gloves
- **Containment and disposal accessories:** 3 disposal bags
- **Technical information support:** 1 user instruction manual
