

Oil spill kit in wall-mounted cabinet h1043_58

Oil spill kit for oils h1043_58 in a polypropylene wall-mounted cabinet. Minimum absorption 60 lt, with pads and socks. Dim. 616x270x735 mm.

The **oil spill kit in wall-mounted cabinet h1043_58** is an emergency response system structured to respond promptly and effectively to decontamination issues in the workplace. Developed for **safety managers (RSPP), technical offices, department heads, and industrial maintenance workers**, this device is aimed at professionals who need a fixed wall-mounted containment station, easily accessible and ready to use. The product solves the main operational problem of **isolating and absorbing accidental spills of hydrocarbons and oily substances on industrial floors, blocking their expansion and preventing the contamination of adjacent areas or drainage channels**. The compact wall-mounted cabinet housing is manufactured in polypropylene, nylon, PVC, and polycarbonate, optimizing walkable space and ensuring optimal protection of internal pads, socks, and pillows for a total minimum absorption of 60 liters, as detailed in the data and visual assessments of the file named image_e1b89e.jpg.

Technical features

- **Model:** FOR OILS
- **System type:** emergency response kit in wall-mounted cabinet designed to meet decontamination issues
- **Cabinet and component materials:** polypropylene, nylon, PVC, polycarbonate
- **Structural mass of the empty housing (Cabinet weight):** 7.2 kg
- **Overall dimensions of the cabinet (L x W x H):** 616 x 270 x 735 mm
- **Guaranteed minimum absorption capacity:** 60 LT.
- **Included absorbent pads supply:** 25 PADS with dimensions 41 x 46 cm
- **Cylindrical barriers/socks supply:** 5 SOCKS with diameter $\varnothing$ 7.6 cm and length 122 cm
- **Absorbent pillows supply:** 2 PILLOWS with dimensions 25 x 25 cm
- **Included cleaning and restoration tools:** 1 DUSTPAN + BRUSH KIT
- **Accessories for containment and disposal:** 2 DISPOSAL BAGS
- **Technical-informative support for operators:** 1 INSTRUCTION MANUAL
