

## Outdoor advertising totem h738\_204

Double-sided outdoor totem h738\_204 in aluminum and white sheet metal. Height 1400 mm, silver Ø 450 mm base. Convex design, optional UV printing sold separately.

The **outdoor advertising totem h738\_204** is a double-sided column display stand, designed to ensure maximum visibility and resistance in outdoor contexts. The structure is made with **extruded aluminum profiles** with a silver finish and features **convex surfaces in 10/10 sheet metal** pre-painted white, ideal for clear and elegant communication. The target audience includes commercial activities, public bodies, and industrial complexes requiring robust and stable vertical signage, guaranteed by the **Ø 450 mm metal base** powder-coated (6 mm thickness) with provision for **floor fixing**. This mini-totem solves the operational problem of two-way communication in open spaces, offering a durable and weather-resistant support.
