

Outdoor advertising totem in sheet metal h738_207

Double-sided outdoor minitotem with white sheet metal panels and silver aluminum upright. Height 1408 mm, circular base Ø 350 mm.

The **advertising totem for outdoor use h738_207** is a double-sided minitotem with a slender and elegant design, ideal for directional or informative signage in outdoor contexts. The structure consists of a sign with **extruded aluminum profiles** and **10/10 convex sheet metal surfaces** pre-painted white, which guarantee optimal visibility from both sides. The display panel is supported by a solid **silver anodized aluminum upright** with a diameter of 30 mm, fixed to a 6 mm thick circular metal base. This support solves the need for clear and discrete communication outside offices, points of sale or public areas, ensuring weather resistance and long-lasting stability.
