

Outdoor aluminum ashtray h822_19

Design ashtray for outdoor spaces. Capacity: 2.5 L. Dimensions: 99 (H) x 30 (D) x 30 (W) cm.

The outdoor column ashtray is ideal for outdoor spaces of bars, restaurants, and shops and contributes to the correct disposal of cigarette butts and ashes, helping to maintain public decorum. The product features an **aluminum structure with a rust-resistant stainless steel tobacco plate**, which can be accessed through 4 openings 2.5 x 5 cm.

The specific structure allows for the immediate smothering of smoke emissions. The content can be quickly emptied by lifting and rotating the **upper part** to access a removable inner liner. **It's possible to fix the base to the ground** using an included fixing kit to ensure maximum security and prevent tampering.

Technical features:
