

Outdoor ashtray designed for floor-level fixing h287_380

Outdoor ashtray with Ø 60 mm pole and floor fixing. Dimensions: W 20 x D 20 x H 90 cm.

The **H287_380 outdoor ashtray** is an **elegant and functional solution for urban decor**, ideal for **entrances to public buildings, parks, commercial areas, schools, companies, smoking areas and pedestrian zones**. Built in **10/10 thick galvanized steel sheet**, it is designed to **withstand atmospheric agents for a long time**, while maintaining a sober and professional appearance.

The structure is **free of sharp parts** and features a **compact rectangular shape**, with an **internal net for extinguishing cigarettes** and an **opening system with a triangular key**, which allows for quick emptying in full safety. The **Ø60 mm support pole** is complete with a **laser-cut plate for floor anchoring**, which guarantees **stability and simple floor-level installation**.

The ashtray is completed by a **printed dibond information plate**, useful for clearly indicating the intended use, and an **epoxy powder coated finish**, non-toxic, oven-baked at 180–200°C, which ensures **resistance to scratches, rust and bad weather**.

With compact dimensions (**20 x 20 x h90 cm**), it fits perfectly into any type of urban space, even near entrances or rest areas, offering a practical alternative to **limit the disposal of cigarette butts on the ground**.
