

Outdoor ashtray h140_499

Cylindrical outdoor ashtray in galvanized steel with triangular fixing plate. Dimensions: W 16 x D 15 x H 100 cm. Weight: 5 kg.

The **H140_499 outdoor ashtray** combines a modern and functional design with high-quality materials, making it ideal for urban furniture and public spaces. The structure is made of **60x30 mm oval section galvanized steel tube**, treated with a complete **anti-corrosive coating** process and subsequent application of a colored finish with **thermosetting powders**, ensuring exceptional resistance against atmospheric agents and corrosion.

At the base, the ashtray is equipped with a **4 mm thick triangular galvanized sheet metal plate**, complete with holes for secure fixing to the ground with anchor bolts and expansion plugs (included in the package). The upper part of the stem is precisely shaped via laser cutting, offering a refined design and optimal functionality for the insertion and collection of cigarette butts.

The **cylindrical inner container** is equipped with a release system for quick extraction and emptying, ensuring convenient and safe maintenance. The ashtray is supplied **already assembled**, with steel hardware and installation instructions included. The standard color of the **ashtray is RAL 7001**, while the structure can be customized in various colors according to the customer's needs.

Buy the **H140_499 ashtray** now and enhance your public spaces with a robust and high-quality product. Contact us to customize the color of the structure or for requests on large quantity orders. Keep outdoor environments clean and tidy with a durable and functional piece of furniture!

- **Simplified maintenance:** Quick and safe emptying system thanks to the removable internal container.
- **Guaranteed stability:** Secure fixing to the ground with triangular plate and anchor bolts.
- **Modern design:** Elegant lines and the possibility of customizing the structure color.
- **Ease of installation:** Product already assembled and ready for fixing.

FAQ:

1. **Is the ashtray weather-resistant?**
Yes, thanks to the anti-corrosive treatments and thermosetting coating, it is highly resistant to atmospheric agents.
2. **How is the ashtray fixed to the ground?**
The product is equipped with a perforated triangular base and is fixed with the included anchor bolts and expansion plugs.
3. **Is the product already assembled?**
Yes, the ashtray is supplied already assembled and ready for installation.
4. **Is it possible to customize the color of the structure?**
Yes, the structure color can be chosen upon the customer's request.
5. **Is the internal container easy to remove for cleaning?**
Yes, it is equipped with a release system that facilitates extraction and emptying of the container.
6. **What certifications does the product have?**
The ashtray complies with **ISO 9001:2015**, **UNI EN ISO 3834-3:2021** standards and has a Processing Center certificate.
7. **What type of maintenance does it require?**
Thanks to the anti-corrosive treatments, it requires minimal maintenance, limited to periodic emptying and cleaning of the external surface.

Mini buying guide:

When buying an outdoor ashtray, it is important to choose a product that is resistant, functional, and able to integrate aesthetically into the surrounding environment. The H140_499 model offers a perfect balance between **modern design**, **durability**, and **practicality of use**, thanks to the galvanized steel structure treated against corrosion and the thermosetting powder coating.

Safety and stability are guaranteed by the perforated triangular base and the fixing system via anchor bolts, which ensure a perfect hold even in high-traffic areas. The **removable internal container** with release system facilitates emptying, making it ideal for public spaces such as parks, squares, building entrances, and high-traffic urban areas.

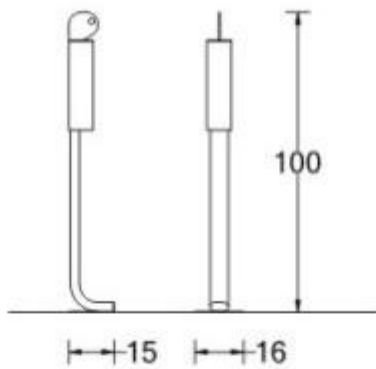

Another advantage is the possibility of **customizing the structure color**, to best adapt it to the aesthetics of the context. Finally, the already assembled supply makes installation simple and fast, without the need for special technical skills. Choose the H140_499 ashtray to combine practicality, robustness, and design in a single product!
