

Outdoor ashtray in corten-painted steel h1025_12

Corten column ashtray with lock. Capacity: 2 lt. Dimensions: W 17.5 x D 12 x H 106 cm.

The **outdoor ashtray H1025_12** is an elegant, resistant and functional solution for managing cigarette butts in **public or private outdoor environments**, such as company entrances, smoking areas, urban spaces, parking lots, hotels, shopping centers and restaurants.

Made of **galvanized steel painted with corten-effect epoxy powders**, it combines corrosion resistance with the aesthetic beauty typical of oxidized metal, offering **a perfect balance between design and durability**. The ashtray is equipped with a **2-liter removable internal container**, practical for emptying and cleaning, and a **lid with a key lock**, to prevent unauthorized access and ensure greater safety.

The floor anchoring system, to be performed using **expansion bolts (not included)**, allows for stable and secure fixing, ideal for permanent installations in exposed environments. With a **weight of 6.4 kg** and a reduced footprint (17.5 x 12 x h 106 cm), it easily adapts to any context without being invasive.

Choose the **ashtray H1025_12** for a tidy, safe smoking area in line with urban furniture. Order now or request a quote for multiple supplies.
