

Outdoor ashtray in galvanized steel h287_153

Cigarette extinguisher for urban furniture in **galvanized steel**. Dimensions: **W.30xD.41xH.128 cm.**

Ashtray consisting of a support pole made of **galvanized steel round tube Ø mm. 60 x 2** with a **decorative cast ball element** at the top. The support shelf for the ashtray is made of laser-shaped sheet metal. The ashtray for public spaces, made using a stamped sheet metal disc thickness 15/10. Finish: The galvanized steel parts first undergo a degreasing pre-treatment process for impurities through steam solutions, then dried and subjected to painting operations using electrostatic guns that cover the pieces with powder paint in a floury state. Subsequently the product is subjected to polymerization in an oven, i.e., a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are naturally cooled. The **powders used** in the painting process **are non-toxic** according to current regulations. Hardware and bolts: galvanized according to UNI 3740 standards. Anchorage: to be buried.

Technical Features:

- Material: Galvanized steel
- Color: anthracite gray
- Dimensions: W.30xD.41xH.128 cm, useful height approx. 108 cm
- Ashtray diameter: 30 cm

INFORMATION

- Height in millimetres 1280.000000
- Width in millimetres 300.000000
- Depth in millimetres 410.000000
- Material metal
- fixing a colonna
