

Outdoor bench with backrest h42413

Urban furniture bench made of wood and steel. Equipped with backrest. Dimensions: 522 x 1800 x h 972 mm. Weight: 67 kg. The urban furniture bench is a fundamental element of a city's architecture, aiming to make urban spaces livable and enhance the unique characteristics of the places where they are located.

The bench is therefore **ideal** for placement in **various urban environments** thanks to its simple and essential style.

The product consists of **FSC certified tropical wood boards**, meaning it comes from responsibly managed forests.

The **legs** of the bench are made of **steel with anti-corrosion treatment** and **thermosetting polyester powder coating**.

The presence of the **wooden backrest** makes the bench even more comfortable. Additionally, it is possible to **fix the bench to the ground** using **4 M8 expansion bolts** (included).

Article supplied to be assembled and easy to install.
