

Outdoor cigarette extinguisher h223_11

Semicircular outdoor ashtray, 2-liter capacity, with stainless steel plate and perforated bottom for drainage. Dimensions: W 20 x D 13 x H 15 cm, total height 29 cm.

The **H223_11 outdoor cigarette extinguisher** is the ideal solution for keeping the outdoor areas of hotels, restaurants, offices, and public spaces clean and organized. With a **capacity of approximately 2 liters**, this semicircular ashtray is designed to withstand frequent use, offering simple and effective waste management. Its **compact dimensions** (H 150 x W 200 x D 130 mm, total height approximately 290 mm) make it perfect for wall mounting, optimizing the available space.

Built in **hot-dip galvanized steel** compliant with **DIN EN ISO 1461** and with an additional powder coating, this ashtray is highly resistant to corrosion and atmospheric agents, ensuring long-term durability. The **stainless steel push plate** allows for easy extinguishing of cigarettes, keeping the surrounding area clean and safe. The **perforated bottom** allows for effective water drainage, avoiding stagnation and facilitating maintenance.

The ashtray is protected by a **triangular lock** that ensures its safety and can be opened and rotated to easily empty the contents. The package includes a **metal triangular key** for simple management, and a **"Cigarette"** symbol sticker for a clear indication of use.

Ensure cleanliness and order in your outdoor areas with the **H223_11 cigarette extinguisher**. Order today to improve the quality of your public spaces!

Technical features:

- **Capacity:** approximately 2 liters
- **Dimensions:** H 150 x W 200 x D 130 mm, total height 290 mm
- **Material:** Hot-dip galvanized steel with powder coating
- **Included accessories:** Metal triangular key, "Cigarette" sticker
- **Functions:** Perforated bottom for drainage, stainless steel push plate
- **Safety:** Triangular lock for protection against unauthorized opening
- **Mounting:** Wall mounting rail
- **Available in various colors.**

User benefits:

- **Weather resistance** thanks to quality materials
- **Easy management and maintenance** of the semicircular ashtray
- **Effective drainage** to prevent water stagnation
- **Safety** guaranteed by the protected lock

FAQ:

1. How weather-resistant is it?

Thanks to hot-dip galvanization and powder coating, it is highly resistant to rain and atmospheric agents.

2. **Is it simple to install?**

Yes, it is designed for easy wall mounting with the included rail.

3. **How is the ashtray emptied?**

The ashtray is protected by a triangular lock to be applied. Rotatable and removable for unloading.

4. **Does the push plate wear out easily?**

No, it is made of wear-resistant stainless steel, ensuring a long service life.

Mini buying guide:

To choose an outdoor cigarette extinguisher, look for a model built with **durable materials like galvanized and painted steel**, capable of withstanding the elements. Ensure it has a **perforated base for drainage** and a **safety lock** to prevent tampering. Evaluate the capacity based on the expected frequency of use and opt for a compact design if space is limited.
