

## Outdoor dining service cabinet h684\_03

Professional "Outdoor" service cabinet in AISI 304 stainless steel (96x52x176h cm). Featuring a completely enclosed structure with 2 upper doors, 2 drawers, and 2 lower doors. Ideal for catering and outdoor dining areas.

The **stainless steel service cabinet** is a reinforced workstation, specifically designed to ensure maximum hygiene and protection in outdoor environments, terraces, and catering services. Made entirely of **AISI 304 stainless steel**, this cabinet perfectly resists humidity and atmospheric agents. Unlike open models, this configuration offers total protection thanks to the **2 upper doors** and **2 lower doors**, which keep crockery, plates, and glasses sheltered from dust and wind. The structure is completed by **2 central drawers** for cutlery and a robust lateral push handle. Thanks to the oversized wheels, the cabinet can be moved quickly even when fully loaded (net weight 107 kg).
