

Outdoor information panel h738_125

Double-sided outdoor information panel, with aluminum posts and floor-fixable base. Dimensions: W 100 x D 100 x H 2000 mm.

The **double-sided outdoor information panel on posts** is a perfect solution for displaying **communications** or **advertising messages** in outdoor environments. Designed to withstand weather conditions, this panel is ideal for being placed in spaces such as companies, supermarkets, hospitals, or public areas. Its structure is composed of **two silver anodized aluminum posts** 2 meters high, finished with **closing caps** on the upper part to ensure durability and aesthetics. The **bases** measure **25 x 25 cm** and are equipped with four holes for **secure fixing to the ground**, guaranteeing stability and resistance even in wind or bad weather conditions.

The aluminum **horizontal crossbars** support the central panel, consisting of two **10/10 white sheets**, joined by a **5 mm forex core**, which guarantees robustness and an elegant appearance. The panel offers **double-sided adhesive graphics**, making it possible to view messages on both sides, ideal for optimizing visibility in high-traffic public spaces. Thanks to the **silver finish** of the posts and the **white surface** of the panel, the design is modern, professional, and perfectly integrable into any outdoor environment.

This information panel is designed for **outdoor** use and is resistant to atmospheric agents, ensuring maximum durability over time. Whether you need to display important information, directional signage, or advertising, this panel will allow you to do so effectively, enhancing your communication with a high-quality visual support.

Improve your external communication with the double-sided outdoor information panel on posts! Designed to withstand all climatic conditions, this panel allows you to display clear and visible messages in public areas, ensuring maximum efficiency. Buy it now for your corporate space, your store, or any other place where you want to give more visibility to your information. For customized needs or quotes on large quantities, **request an offer now** and take advantage of our tailor-made solutions!
