

Outdoor litter bin in exotic wood h287_393

27-liter outdoor litter bin in galvanized steel and exotic wood, 32x43x120 cm. Durable design with tilting system and ground anchoring.

The **h287_393 outdoor litter bin** is an urban furniture element designed to ensure longevity and resistance in public environments and green areas. The combination of the structural robustness of **galvanized steel** and the natural aesthetics of **exotic wood** allows for a harmonious integration into the landscape, solving the critical issues related to corrosion and biological degradation typical of prolonged outdoor exposure.

Technical specifications

- **Basket body:** Galvanized steel sheet with 10/10 thickness.
- **External cladding:** High-quality exotic wood slats, pre-treated against mold and bacteria.
- **Vertical support:** Round galvanized steel tube post Ø 50 x 2 mm.
- **Galvanic protection:** Hot-dip galvanization in compliance with the UNI EN ISO 1461 standard.
- **Finishing components:** Ribbed polyethylene (PE) safety head cover.
- **Emptying system:** Tilting release via lock with Allen key (included).
- **Fixing method:** Post extension for direct anchoring via burial.
- **Volumetric capacity:** approx. 27 liters.
- **Overall dimensions:** 32 x 43 x H 120 cm.
