Metal bench for urban furniture. Italian production. Seat length: 150 cm. Gunmetal color.

Bench for public spaces with a **classic design** ideal for enhancing cities, historic centers and squares.

Structure:

- no. **02** supports in square galvanized steel tube;
- seat made with no. **07** profiles in galvanized steel tube.

Pre-treatment:

- Before being painted, the product is pre-treated by spray washing with special degreasing liquids.

Anti-corrosion treatment:

- The product undergoes a first painting cycle using a thermosetting powder anti-corrosion primer based on epoxy resins with special pigments to protect it from atmospheric agents.

First baking (anti-corrosion):

- It is then subjected to a first oven baking lasting **15** min at a temperature of **180°**. In this phase, the anti-corrosive polymerizes, forming a coating thickness of approximately **60** microns.

Painting:

- The product is subjected to a final painting cycle with thermosetting powder based on polyester resins in "**gunmetal**" color. Painting is carried out with electrostatic spray equipment which allows the powder to settle uniformly on the pieces, forming a minimum thickness of **60** microns.

Final baking:

- The painted product is subjected to a final oven baking lasting **20** min at a temperature of **160°**.

Fixing:

- The supports are equipped with perforated plates for anchoring to the ground by means of expansion bolts.
