

Outdoor pillar cigarette extinguisher h287_155

Pillar ashtray in galvanized steel. Dimensions: **W.15xD.15xH.90 cm.**

Outdoor pillar ashtray, with structure composed of a support post made of round **galvanized steel** tube with at the top an ashtray made of a Ø 150 mm galvanized steel hemisphere and a mesh for extinguishing cigarette butts. Equipped with a laser-cut shaped plate for ground anchoring. **Emptying system** via detachment of the ashtray from the upright by **means of an Allen key** provided. Finish: The galvanized steel parts first undergo a degreasing pre-treatment process for impurities through steam solutions, then dried and subjected to painting operations using electrostatic guns that cover the pieces with powder paint in a floury state. Subsequently, the product is subjected to polymerization in an oven, namely, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are cooled naturally. The powders used in the painting process are non-toxic according to current regulations. Anchoring: **floor level.**

Technical Features:

- Material: galvanized steel
- Anthracite gray color
- Dimensions: W.15xD.15xH.90 cm.

INFORMATION

- Height in millimetres 900.000000
- Width in millimetres 150.000000
- Depth in millimetres 150.000000
- Material metal
- fixing a colonna
