

Outdoor pine wood waste bin h287_292

Outdoor waste bin with ashtray. Capacity: 27 liters.

Urban furniture waste bin with ashtray, with a **simple design** but at the same time elegant, **the waste bin** is made of **galvanized steel sheet** th. 10/10 dimensions 28 x 44 h cm and covered with **pressure-treated Nordic pine** slats in an autoclave using non-toxic salts sect. 90 x 20 mm and subsequently stained **walnut color**. Support post made of **round steel tube Ø 50 x 2 mm** equipped at the top with a forged steel sphere. Emptying system via release with the Allen key provided. **The Ashtray** is made entirely of **galvanized steel sheet** shaped with laser technology, equipped with a mesh for extinguishing cigarette butts. **Quick "bayonet" emptying system** by releasing the screw provided and removing the container with dimensions: 10x8x16 h cm. The galvanized steel parts first undergo a degreasing pre-treatment process of impurities through steam solutions, then dried and subjected to painting operations using electrostatic guns that cover the pieces with powder paint in a floury state. Subsequently, the product is subjected to polymerization in an oven, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are cooled naturally. The powders used in the painting process are non-toxic according to current regulations.

Technical features:

- Waste bin material: steel sheet
- Bin covered with Nordic pine slats
- Support post in round steel tube
- Ashtray in steel sheet
- Non-toxic paints
- Anchoring: To be buried
- Overall dimensions: 32 x 43 x 128 h cm
- Basket capacity: approx. 27 liters
