

Outdoor ping pong table h939_02

Vandal-proof outdoor ping pong table in reinforced SMC and galvanized steel. Regulation dimensions, high resistance, and zero maintenance.

The **h939_02** ping pong table is a professional solution designed for permanent installation in high-traffic outdoor areas. The structure is conceived to effectively resist **vandalism**, mechanical stress, and the corrosive action of atmospheric agents, making it ideal for public contexts where durability is the primary requirement. The playing surface, available in **green or blue**, is made of **50 mm reinforced SMC**, an advanced composite material based on thermosetting resin, mineral fillers, and fiberglass that ensures an anti-graffiti and non-deformable surface.

Technical features

- **Regulation dimensions:** L 2740 x W 1525 mm
- **Total height:** 760 mm (from the ground to the top of the panel)
- **Tabletop thickness:** 50 mm in reinforced SMC (resin, minerals, fiberglass)
- **Supporting structure:** Legs in galvanized steel tube with 80 mm diameter
- **Fixed net:** Made of perforated steel sheet with a 50 mm handrail and 20 mm curved tubes, permanent anti-corrosion treatment, and tamper-proof system
- **Safety:** Rounded corners and reinforced edges for injury prevention
- **Total weight:** 150 kg
- **Load capacity:** Maximum supported weight 120 kg
- **Game configuration:** Suitable for 2-4 players
- **Safety certifications:** Complies with European standards UNE EN 14468-1/2015, UNE EN 14468-2/2016, and UNE EN 15312:2007 + A1:2011
- **Anchoring system:** Ground fixing via 4 expansion bolts (included in the kit)
- **Environmental resistance:** Anti-corrosion treatment, vandal-proof properties, and anti-graffiti surface
