

Outdoor ping pong table h949_01

Outdoor ping pong table in reinforced fiberglass (FRP) and steel. Regulation dimensions, 38 mm anti-vandal top and I.T.T.F. certified.

The **outdoor ping pong table h949_01** is a professional equipment designed for fixed installation in high-traffic contexts. Thanks to the combination of advanced composite materials and treated metalwork, this model solves the critical issues related to atmospheric wear and vandalism in unattended public spaces. The structure guarantees bounce performance in compliance with international standards, making it suitable for both recreational use and technical training.

Technical features

- **Playing surface:** Made of fiberglass reinforced polyester (FRP), 38 mm thick, with a protective anti-shock and anti-graffiti gel-coat surface finish.
- **Bounce:** Compliant with I.T.T.F. regulations; tested for a bounce of up to 230 mm from a ball drop of 300 mm.
- **Support structure:** Hot-dip galvanized steel legs with a corrosion-resistant epoxy paint finish.
- **Frame and reinforcements:** Frame integrated directly into the playing surface with additional steel tie rods for superior structural rigidity.
- **Fixed net:** Made of solid steel with perforated sheet metal, white polyester coating, and curved safety corners.
- **Regulation dimensions:** L 2,740 x D 1,525 x H 760 mm (Net height: 152.5 mm).
- **Mass and components:** Total weight of 148.5 kg (Playing surface 95.5 kg, legs and tie rods 45 kg, net 8 kg).
- **Installation:** Prepared for fixing on a concrete base using 4 M12 x 180 expansion bolts (included).
- **Safety certifications:** Compliant with UNE EN 14468-1/2005, UNE EN 14468-2/2005 and UNE EN 15312:2007+A1:2011.
- **Warranty:** 3 years standard, extendable to 5 years for intensive professional use.
