

Outdoor restaurant service cabinet h684_02

Professional "Outdoor" service cabinet in AISI 304 stainless steel (96x52x176h cm). Designed for outdoor use, catering and alfresco dining, with 2 upper shelves, 2 cutlery drawers, lower 2-door compartment and reinforced wheels.

The **stainless steel service cabinet** is the ultimate workstation for managing outdoor dining areas, patios, hotels, and catering services. Made entirely of **AISI 304 stainless steel**, this cabinet guarantees total resistance to corrosion, humidity, and atmospheric agents, making it the ideal partner for outdoor work. The structure is designed for maximum efficiency: the upper part includes **2 open shelves** for glasses and accessories, followed by **2 drawers** dedicated to cutlery. The base offers a large closed compartment with **2 doors** and height-adjustable internal shelves, ensuring protected and versatile storage. Movement is facilitated by a robust push handle and large-diameter wheels specifically designed for outdoor surfaces.
