

Outdoor steel fountain h287_164

Outdoor fountain in galvanized steel with brass push-button tap and water drainage grate. Dimensions: W.58xD.35xh.100 cm.

Street furniture fountain composed of a **galvanized steel** tubular shaft, section 150x150 mm. **Water drainage grate** in **galvanized steel** sheet shaped with laser technology. **The fountain for public spaces** is equipped with a **brass push-button tap**. The galvanized steel parts first undergo a degreasing pre-treatment process for impurities through vapor solutions, then dried and subjected to painting operations using electrostatic guns that cover the pieces with powder paint in a floury state. Subsequently, the product is subjected to polymerization in an oven, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are cooled naturally. The powders used in the painting process are non-toxic according to current regulations. **Outdoor fountains** are essential furniture elements that give an extra touch to street furniture.

Technical Features:

- Dimensions: 58x35x h. 100 cm
- Material: galvanized steel
- Brass push-button tap included
- Water drainage grate in galvanized steel sheet shaped with laser technology
- Anchoring: flush with the ground

INFORMATION

- **Material** metallo
- **Length in millimetres** 580.000000
- **Depth in millimetres** 350.000000

- Height in millimetres 1000.000000
- Type in column
