

Outdoor table tennis h939_04

Outdoor ping pong table in reinforced SMC (50mm) and galvanized steel. Dimensions 2740x1525mm. Vandal-proof fixed structure for intensive use.

The **h939_04 ping pong table** represents an engineering solution of excellence for the equipment of outdoor recreational areas subject to intensive use. Designed to withstand the most severe mechanical and climatic stresses, this model is ideal for public and professional contexts where **maintenance-free durability** is an essential requirement. The combination of advanced composite materials and galvanic treatments makes it immune to rain, frost, UV rays, and saline environments.

Technical features

- **Playing surface:** 50 mm SMC (Sheet Moulding Compound) reinforced with thermosetting resin, mineral fillers, and fiberglass.
- **Metal structure:** Top-quality steel with vandal-proof protection.
- **Surface treatment:** Hot-dip galvanization and oven-baked polyester painting for very high corrosion resistance.
- **Net:** Curved steel (20 mm diameter), perforated sheet metal, and 50 mm safety handrail, without sharp edges.
- **Legs:** 80 x 40 x 3 mm rectangular tubular section in galvanized and painted steel.
- **Fixing:** Permanent ground installation via 4 expansion bolts (included).
- **Standard dimensions:** 2740 x 1525 mm.
- **Height from ground:** 760 mm (playing surface).
- **Total weight:** 125 kg.
- **Load capacity:** Supports weights up to 120 kg.
- **Configuration:** Suitable for games with 2 to 4 players.
- **Safety:** Complies with European standards UNE EN 14468-1/2015, UNE EN 14468-2/2016 and UNE EN 15312:2007 + A1:2011.
- **Color options:** Available with Blue or Green top.
