

Overbed table h13_137

Overbed table with steel structure ideal for patient care. Height: from 72 to 110 cm. Adjustable angle.

The overbed table is ideal for serving meals to patients who have difficulty moving and getting out of the hospital bed to eat. The product is therefore indispensable for **clinics, hospitals and especially nursing homes**, simplifying the work of the staff. The trolley consists of a **steel structure and a high-density panel**. The base is equipped with **4 removable casters with a diameter of 50 mm**, 2 of which have brakes. The height of the product is adjustable **from 72 to 110 cm**.

Technical characteristics:

- Material: steel structure
- High-density panel
- Tray dimensions: 41 x 61 cm
- Base with 4 removable casters with a diameter of 50 mm (2 with brakes)
- Adjustable height from 72 to 110 cm
- Adjustable angle
