

Overhead maintenance basket h874_01

Personnel basket for overhead maintenance. Maximum load: 300 kg. Dimensions: W.1,200 x D.1,040 x H.1,990 mm.

The forklift work platform allows for safe overhead maintenance activities and is therefore ideal for production plants, industrial complexes, and warehouses. The item features an **extremely robust and resistant** tubular structure and is equipped with a non-slip work platform suitable for 2 people and provided with automatic closure. **Fork attachment is on the wide side**, where special protections prevent them from slipping.

The trolley is tested according to German DGUV and is therefore provided with **TÜV certification**:

Technical features:

- Tubular structure
- Non-slip work platform
- Maximum load: 300 kg
- Support surface: D.800 x W.1,200
- With tool tray
- Wide side fork attachment
- RAL 2000 painting
- Fork space dimension A: 600 mm (see image)
- Fork space dimension B: 200 mm (see image)
- Fork space dimension C: 80 mm (see image)
- Dimensions: W.1,200 x D.1,040 x H.1,990 m
- Weight: 91 kg

Optional

2 swivel wheels and 2 fixed polyamide wheels Ø 180 mm (one of which is swivel with brake)

*** Image purely indicative (refer to the dimensions in the technical sheet)**

****PLEASE NOTE: use the product in compliance with the current safety regulations in the country of use**
