

Oxygen cylinder holder 5/7/10/14 lt with three wheels h5518

Trolley for 150 mm cylinders with three wheels, tightening straps and stable structure for healthcare environments. Weight 4 kg, acrylic coating, CE compliant.

Specialized trolley for the safe transport of cylinders in healthcare and hospital environments. Designed to ensure stability during transfers, it allows the vertical movement of cylinders with a 150 mm diameter with a three-wheel configuration (two rubber-coated and one swivel). The structure is equipped with tightening straps for cylinder fixing and an ergonomic non-toxic rubber handle, ideal for the medical context.

Technical features

- Compatible with 150 mm diameter cylinders
- Ring heights: 175 mm, 295 mm, 650 mm
- 2 fixed rubber wheels
- 1 swivel wheel on joint, 80 mm diameter
- Tightening strap positioned at 650 mm from the ground
