

Pack of 100 wooden hangers h3160

Maple hangers with curved head with chrome hook 750 x 2.9 mm. Transparent non-slip tube and notches on the shoulders. Natural color. Thickness: 1.2 cm.

The **pack of 100 hangers h3160** is a technical furnishing accessory made of **maple wood**, a material selected for its extreme resistance and natural tone. Designed specifically for the **hotel sector**, this hanger features a linear design with a curved head and a robust 2.9 mm **chrome hook**. The product solves the operational problem of garment stability inside wardrobes thanks to the combination of a **transparent non-slip tube** applied on the bar and practical **shoulder notches**, measures that prevent the accidental fall of trousers, skirts or dresses with thin straps during the guest's stay.
