

Painted steel belt stanchion h40702

Queue barrier post with 4-way connection, with 2.3-meter belt. Painted steel structure available in different finishes. Made in Italy.

Specially designed for indoor use, this **mobile belt barrier post** can be installed inside museums, stations, and offices.

The simple design and the various finishes available make this product a decorative and functional element.

The post is equipped with a **4-way connection**, consisting of 3 belt receivers and one outgoing belt.

The **cast iron base** has been shaped to ensure maximum stability, with a **lowered outer perimeter** and **rounded shapes** to limit possible tripping.

The **extendable and retractable belt** is available in various colors such as: blue, black, red, yellow, green, gray, red/white, and yellow/black.

The **post is available in the following finishes**: red, white, yellow, green, purple, gray, and black. To ensure maximum impact resistance, a **high-thickness coating** is used for this product.
