

Painted steel gas cylinder container with shelf h883_54

Painted steel gas cylinder storage. Galvanized internal shelf. W. 110 x D. 100 x h. 210 cm. Capacity: 9/12 cylinders.

Among the equipment useful for storing gas cylinders in the industrial sector are **gas cylinder cabinets**. These are solutions designed for storing compressed gases in total safety. This model features a **self-supporting and movable structure** with forklifts or pallet trucks, made of **painted steel** and equipped with a **galvanized internal shelf**, ideal for better separating and organizing cylinders inside. Its robust structure allows the **storage of 9/12 cylinders** and protects cylinders from accidental damage, while the resistant paint protects against wear over time, ensuring a long life. **CE compliant**, the **product is supplied assembled** and is **100% made in Italy**.

Technical features:

- Dimensions: W. 110 x D. 100 x h. 210 cm
- Storage: 9/12 cylinders
- Cylinders not included
- Construction material: painted steel
- Movable structure
- With 1 galvanized internal shelf
- CE compliance
- 100% Made in Italy
