

Mobile post with double belt for outdoor use h16216

Mobile column in profiled aluminum with double belt. Belt length: 3.70 m. Aluminum structure with rubberized cast iron base.

Mobile belt barrier post with **double belt** made of profiled aluminum ideal for delimiting waiting areas and restricted zones.

For greater safety, this post features two retractable belts positioned at staggered levels, to prevent children from accessing the area as well.

To allow full flexibility and better manage sudden flows of people, this post features a **4-way connection** system, consisting of one belt extraction port and 3 attachment ports.

The **mobile post** is flexible and easy to install; it includes a **rubberized cast iron base** to protect the floor from scratches and potential damage.

Assembly is simplified thanks to the presence of a lever.

The product is available in various finishes: black, anthracite, white, red, blue, satin chrome, and polished chrome.

Technical features:

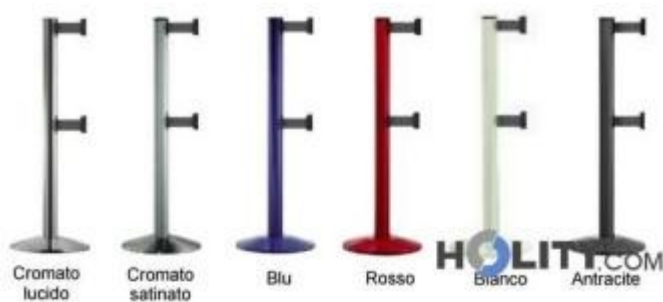

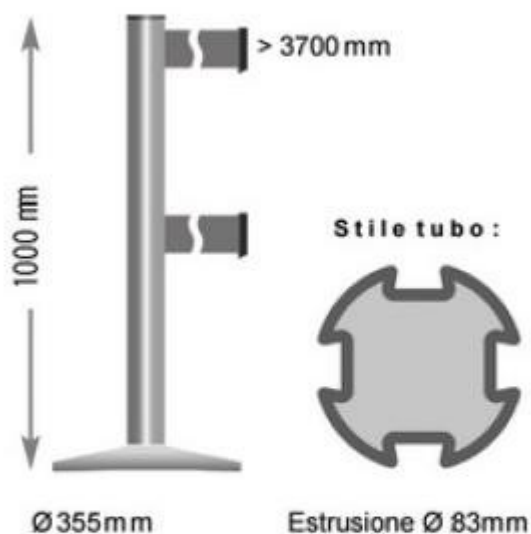

- Belt length: 2 x 3.70 m
- Belt width 50 mm
- Belt color: available in multiple colors
- Total weight: approx. 13 Kg
- Base weight: approx. 9 Kg
- Tube material: Aluminum
- Base material: rubberized cast iron

The belt is available in different colors and, upon request, customization with company logo and text is also possible.
