

Waiting room bench h17711

2-seater waiting bench in premium plastic. L 101.5 cm, black structure with adjustable feet. Robust, stable and ideal for professional use.

The **2-seater waiting room bench** is a furnishing solution designed to combine resistance and versatility in professional contexts. Made with **premium thermoplastic material**, this seat is ideal for managing reception in **post offices, banks, clinics and medical offices**. The operational problem of uneven flooring is solved thanks to the **adjustable feet** integrated into the metal structure, which ensure perfect stability. The epoxy powder coating and the quality of the shells make the product extremely durable and easy to maintain, meeting the needs of targets operating in high-traffic environments. Not fireproof.
