

Urban furniture bench in exotic wood h287_268

Bench for public spaces with backrest. Steel structure and exotic wood seat.

Urban furniture bench with a simple and linear design, easily adaptable to various styles. The **bench structure** is composed of **galvanized tubular steel** supports, **section 50x50x2 mm** suitably shaped. **Seat and backrest** composed of **6 autoclave-impregnated exotic wood profiles**, section 110x45x1900 mm, **walnut-stained**. The **galvanized steel** parts first undergo a pre-treatment degreasing process of impurities through vapor solutions, subsequently dried and subjected to **painting operations** using electrostatic guns that coat the pieces with powder paint in a floury state. Subsequently, the product is subjected to **polymerization in an oven**, a process that allows the powder to solidify by baking at a temperature of 180/200° C in a hot air circulation oven. The pieces coming out of the oven are **naturally cooled**. The powders used in the painting process are non-toxic **according to current regulations**.

Technical features:

- Galvanized steel structure material
- Walnut-stained impregnated exotic wood seat material
- Anthracite structure color
- Dimensions: L.200xD.55xH.78 cm
- Seat height: 45 cm
- Delivered in an assembly kit
- Stainless steel hardware and bolts
- Ground-level anchoring
- BENCH BUILT ACCORDING TO SAFETY REQUIREMENTS AND TEST METHODS UNI 11306:2009

**Upon request, the bench can be ordered in different colors
