

Paper shredder h970_08

Solid and powerful paper shredder, ideal for the internal destruction of large quantities of data. Dimensions: W 67 x D 78.4 x H 134.7 cm. Collection capacity: 240 L.

The **H970_08 paper shredder** is designed for the secure and efficient destruction of **large quantities of confidential documents** in professional and industrial environments. Equipped with a **700 W motor** and an **extremely robust cutting unit**, this model is capable of handling sheets up to **DIN A3** format, ensuring high shredding performance without interruptions.

Thanks to the **1.9 x 15 mm particle cut**, certified **P-5 according to the DIN 66399 standard**, this shredder is ideal for **offices, public bodies, and companies** that require **advanced data protection**. The **solid steel cutting cylinders**, with a **lifetime warranty**, ensure effective destruction of even **staples, paper clips, and other resistant materials**.

The **H970_08** offers an extremely practical and high-capacity solution: the **240-liter collection container** allows for the management of up to **3,050 shredded sheets**, minimizing the need for frequent emptying. For special needs, it is possible to replace the container with a **wheeled bin (according to DIN EN 840, not included)**, further optimizing waste management.

The **silent operation** (56 dB) makes it suitable even for shared work environments, while the **anti-jam technology with automatic reverse** prevents paper blocks, ensuring continuous and uninterrupted use. The external oiler always maintains **high cutting performance**, ensuring simple and effective maintenance.

The **H970_08** is built with a **reinforced wooden cabinet with a steel base**, which guarantees **stability and durability over time**. The **integrated fragment distributor** levels the shredded material evenly, facilitating removal and disposal. Finally, the **adjustable feet** allow for stabilizing the device on any surface.

Protect your data with maximum security! The **H970_08 paper shredder** is the perfect solution for destroying large volumes of confidential documents. **Buy now** or **request a personalized quote** for large quantities.

Technical features:

- **Cut type:** Particles (1.9 x 15 mm)
- **Security level:** P-5 (DIN 66399)
- **Cutting capacity:** 14-15 sheets (80 g/m²)
- **Motor power:** 700 W
- **Voltage/Frequency:** 220-240 V / 50 Hz
- **Plastic bags:** not included, available for purchase upon quote and request
- **Entry width:** 400 mm (A3 format)
- **Collection volume:** 240 liters (3,050 shredded sheets)
- **Noise level:** 56 dB(A)
- **Weight:** 76.2 kg
- **Dimensions:** W 67 x D 78.4 x H 134.7 cm

- **Shreddable materials:** Paper, staples, paper clips

User benefits:

- **Maximum security:** P-5 cut for the protection of confidential documents.
- **Large capacity:** 240-liter container for prolonged use without frequent emptying.
- **Efficient and powerful:** 700 W motor for continuous and uninterrupted operation.
- **Versatile:** Shreds A3 sheets, staples, and paper clips.
- **Silent operation:** Reduced noise level (56 dB) for discreet use.
- **Easy waste management:** Possibility to insert a wheeled bin (DIN EN 840, not included).
- **Stability and resistance:** Wooden cabinet with reinforced steel base and adjustable feet.
- **Optimized maintenance:** External oiler to maintain consistently high cutting performance.
- **Anti-jam:** Automatic reverse to prevent paper blocks.

FAQ:

1. **Can it shred A3 format documents?**
Yes, thanks to the 400 mm entry width, the H970_08 is ideal for A3 and smaller sheets.
2. **Is the device compatible with wheeled bins?**
Yes, it is possible to insert a 240-liter bin according to DIN EN 840 (not included).
3. **Is the shredder noisy?**
No, with a noise level of only 56 dB(A), it is also suitable for shared environments.
4. **How is the container emptying managed?**
The device is equipped with a fragment distributor, which levels the shredded material to facilitate removal.
5. **How is the cutting system kept efficient over time?**
The external oiler ensures optimal cutting performance with minimal maintenance.
6. **What is the security level of the cut?**
The P-5 level reduces documents into tiny particles (1.9 x 15 mm), ensuring maximum data protection.

Mini buying guide:

If your company or office handles **large volumes of confidential documents**, it is essential to choose an **industrial shredder** capable of guaranteeing **security, efficiency, and durability over time**. The **H970_08** is perfect for those who need **high capacity (240 liters), continuous cycle operation, and reduced maintenance thanks to the integrated oiler**.

The **P-5 security** protects your data with an ultra-secure particle cut, while the possibility of replacing the container with a **wheeled bin** simplifies waste management. Thanks to the **powerful 700 W motor**, this model guarantees **continuous destruction without overheating**, making it the ideal choice for offices, public bodies, and industries with large-scale destruction needs.

If you are looking for a **high-capacity, powerful, and reliable paper shredder**, the **H970_08** is the right choice for your company.

Industrial paper shredder, H970_08, P-5 shredder, 1.9x15 mm particle cut, A3 paper shredder, sensitive data protection, high capacity shredder, shredder with 240L bin, shredder with oiler, confidential document destruction.
