

Paper shredder machine h970_04

Powerful and silent paper shredder, ideal for offices with high workloads. Dimensions: W 39.7 x D 29.3 x H 62.4 cm. Collection capacity: 35 L.

The **H970_04 paper shredder** is designed for intensive and daily office use, ensuring reliable and quiet performance. Thanks to its **powerful 610 W motor**, this model is capable of handling large quantities of paper continuously and without interruption, making it ideal for high-demand work environments.

The **solid steel cutting cylinders**, guaranteed for life, offer strength and reliability in shredding not only paper but also **staples, paper clips, credit cards, and CDs/DVDs**, ensuring versatility in a single device. The **4.5 x 30 mm particle cut** guarantees a **P-4** security level, compliant with DIN 66399 standards, for the protection of sensitive and confidential data.

The **H970_04** is equipped with a series of intelligent features that simplify use and improve the user experience. The **anti-jam technology with automatic reverse** prevents paper blockages, while the **integrated display** signals when the 35-liter bin is full, automatically turning off the device to prevent waste. The **stand-by function** reduces energy consumption when the machine is not in use, contributing to energy savings.

The model is easy to move thanks to the **integrated wheels**, making transport and management convenient even in shared office spaces. Furthermore, its **quiet operation** (56 dB) makes it ideal for professional environments, minimizing disruptions.

Handle the management of your confidential documents with simplicity and safety! The **H970_04 paper shredder** combines power, reliability, and security for professional use. **Buy now** and protect your sensitive data, or **contact us for a personalized quote** for large quantities.

- **Quietness:** Perfect for shared professional environments thanks to the low noise level (56 dB).
- **Mobility:** Equipped with integrated wheels for easy and convenient transport.
- **Energy saving:** Stand-by function to reduce consumption when not in use.

FAQ:

1. Is it suitable for destroying CDs and DVDs?

Yes, the H970_04 is designed to destroy CDs, DVDs, credit cards, as well as paper, staples, and paper clips.

2. Does it require frequent maintenance?

No, thanks to the 35-liter bin, you can shred up to 420 sheets before emptying it. The display signals when intervention is necessary.

3. Is the device noisy?

No, with a noise level of only 56 dB, it is perfect for shared offices and quiet environments.

4. How do you move the shredder?

It is equipped with integrated wheels that allow you to move it easily from one station to another.

5. What does security level P-4 mean?

The P-4 level ensures that documents are destroyed into very small particles, making them unrecoverable and ensuring data protection.

Mini buying guide:

If you need a **professional office paper shredder** capable of handling large work volumes, the **H970_04** model is the perfect choice. Thanks to its powerful motor and the ability to shred up to 15 sheets at a time, it is designed for intensive use. Furthermore, the possibility of shredding not only paper but also paper clips, staples, credit cards, and CDs/DVDs makes it a versatile and indispensable tool in the office.

The **quiet operation** and **integrated wheels** ensure a comfortable user experience, while the 35-liter bin reduces the frequency of emptying. Also consider the security level: the particle cut with P-4 certification is essential for protecting confidential documents. If you are looking for a powerful, practical, and reliable device, **H970_04** is the ideal solution for your office.

Professional office paper shredder, H970_04, 4.5x30 mm particle cut, P-4 paper shredder, confidential document management, powerful paper shredder, quiet for office, paper shredder with wheels, CD/DVD paper shredder, sensitive data protection.
