

Parcel transport trolley h2200126

Professional parcel trolley in AISI 304 stainless steel with 60x60 cm platform and 200 kg capacity. Durable professional structure for logistics and catering.

The **parcel trolley** is a professional solution designed for the intensive handling of packages, crates and parcels within environments that require high standards of hygiene and resistance. The structure is conceived to facilitate logistics work in restaurant, hotel and warehouse storage, solving the problem of manual transport of heavy loads on flat surfaces.
