

Parking bollard for urban furniture h35040

Cast iron road bollard Ø 20 x h.87 cm, surface-mounted model for the delimitation of pedestrian areas and vehicle traffic control. The **cast iron road bollard** represents a solid and functional solution for managing vehicle flows and protecting pedestrian areas. Designed for contexts that require a combination of traditional aesthetics and structural strength, this urban furniture element effectively prevents unauthorized parking and transit in sensitive areas.

Technical features

- **Material:** high-quality cast iron, treated and powder-coated for maximum resistance to atmospheric agents.
- **Installation:** designed for surface mounting via bolting onto existing flooring.
- **Overall diameter:** Ø 20 cm.
- **Height above ground:** 87 cm.
- **Finish:** specific anti-corrosion treatment for prolonged outdoor exposure.
