

Patient room wardrobe with 2 drawers h776_98

Patient room wardrobe with door, top compartment and 2 drawers. Dimensions: W 45.2 x D 60 x H 199.4 cm.

The **H776_98 wardrobe** is a compact and functional model, designed for furnishing **single or multiple patient rooms** in **hospitals, nursing homes, clinics and healthcare facilities**. Thanks to its simple yet complete configuration, it represents an **ideal solution for holding the patient's personal belongings, clothing and accessories** in an orderly and safe manner.

Equipped with a **hinged door**, a **top compartment** and **2 lower drawers**, this wardrobe allows for a rational subdivision of the internal space: the top compartment is ideal for items used less frequently, the area with a clothes rail accommodates clothing, while the drawers offer a protected space for linens, documents or small items.

Thanks to the compact dimensions (**W 45.2 cm**), it easily adapts even to **rooms with limited space**, while still guaranteeing an excellent storage capacity. The **weight of 53 kg** and the **robust structure** make it suitable for daily use in healthcare environments, where hygiene, order and durability are fundamental.

Make every patient room functional with the **H776_98 wardrobe**. Contact us to receive a personalized quote for your facility.
