

Pedal-operated waste bin h413_79

Rectangular 110-liter waste bin in white and black painted metal, with pedal opening, trolley with wheels and bilingual recycling pictogram. 36 x 46 x 90 cm.

Waste bin designed for **waste separation** in high-traffic professional environments. The structure combines a **white painted metal body and lid** with a **handle, pedal, and trolley with wheels in black painted tubular steel**, creating a modern and functional aesthetic. The **pedal opening** allows for hygienic contact-free use, while the **front door** facilitates emptying and bag replacement.

Ideal for professional kitchens, canteens, hospitals, offices, and public spaces where efficient waste management is a priority. The **wheels** guarantee mobility for cleaning and handling, while the **110-liter** capacity reduces the frequency of emptying.
