

Pedal-operated waste bin h86_88

110L stainless steel waste bin HACCP compliant, with wide pedal, wheels and front opening, for professional kitchens and catering.

Waste bin designed specifically for catering, hospitality, and professional kitchen environments, where hygiene and operational practicality are essential requirements. Made entirely of **stainless steel**, it guarantees compliance with **HACCP standards** and facilitates daily cleaning and sanitization. The **wide pedal** allows the lid to be opened without using hands, reducing the risk of cross-contamination. The **wheels and integrated handle** allow for easy transport even in narrow spaces, while the **front opening system** significantly simplifies the removal of the waste bag, optimizing operational times in the kitchen.

Technical features

- Capacity: 110 liters
- Dimensions: W. 46.5 × D. 42 × H. 96 cm
- Weight: 12.79 kg
- Material: stainless steel (AISI 304 or equivalent)
- Wide pedal for lid opening
- Base with swivel wheels
- Handle for transport
- Front removal of the lower part for waste bag extraction
- HACCP compliant
