

## Bus waiting shelter with bench h140211

Bus stop shelter with side walls.. Galvanized steel structure and bench. Opaque alveolar polycarbonate roof. Length 319 cm.

Metal shelter with side walls, ideal for waiting for public transport.

The structure is composed of **two vertical load-bearing structures** with upper arches in galvanized sheet metal obtained by laser cutting technology; on each structure, there are alternating elliptical and circular cut-outs. Two **base plates**, elliptical in shape, made of galvanized sheet metal provided with circular holes for fixing; triangular stiffening plates are welded to connect the base plates and the vertical structures.

**Rear wall** consisting of a perimeter frame in galvanized steel angular profile and transparent alveolar polycarbonate.

**Side walls** consisting of a perimeter frame in angular profile. Transparent alveolar polycarbonate supported by galvanized steel rectangular tube profiles. Front vertical upright in galvanized steel round tube complete with base flange.

**Opaque alveolar polycarbonate roof** supported by galvanized steel rectangular tube profiles, gutter, in the rear part, for the collection and discharge of rainwater.

**Bench** made with two galvanized sheet metal supports obtained by laser cutting technology, both supports are characterized by the presence of decorative cut-outs. Two base plates, welded to the supports, made of galvanized sheet metal, both plates are provided with circular holes for fixing to the ground. **Seat** with twelve steel round tube profiles complete with spherical head PVC end caps and **backrest** with nine steel round tube profiles complete with spherical head PVC end caps.

The painting technique adopted for the galvanized steel structure is **thermosetting powders** oven-baked, which gives the product greater longevity.

The shelter and the bench are supplied with an **assembly kit**, stainless steel screws and assembly instructions.

### Technical features:

- Total height 245 cm
- Base depth 157 cm
- Total depth 204 cm
- Total width 319 cm
- Covered area 6 sq m.
- **Anti-corrosion treatment**

### Bench:

- Seat height 40 cm
- Width 150 cm

The shelter is available in different colors.

## INFORMATION

- **Height** 245 cm
- **length** 319 cm
- **Depth** 319 cm
- **Material** sheet metal
- **Typology** Con gronda
