

Perforated HDPE cargo pallet 525 Lt h836_14

Grey 525 Lt HDPE cargo pallet, perforated version (1200x800x800 mm). Solid and ventilated industrial structure for heavy storage and logistics.

This **cargo pallet** represents a professional solution for handling and storing goods in intensive industrial contexts. Made of grey **HDPE (high-density polyethylene)**, the container stands out for its solid and resistant structure, designed to withstand significant loads and mechanical stress. The **perforated version** is specifically designed to ensure constant air circulation within the load volume, preventing moisture stagnation.

Technical features

- External dimensions: 1200 x 800 x 800 mm
- Internal dimensions: 1120 x 720 x 650 mm
- Volumetric capacity: 525 lt
- Configuration: Perforated walls and bottom
- Material: HDPE (High Density Polyethylene)
- Color: Grey

Optional:

- Coordinating grey HDPE lid
