

## Phone locker with 20 compartments h972\_90

H972\_90 phone storage locker in transparent acrylic with 20 individual compartments, independent locks and master key. Wall mounting. Ideal for offices, schools and professional environments.

The **H972\_90 locker** is a secure storage solution for mobile devices and personal items in professional and public environments. Designed for offices, schools, gyms, company changing rooms, events, libraries and training centers, it allows for the orderly and controlled management of the personal belongings of employees, students and visitors, guaranteeing **security, transparency and practicality**.

The structure made of **transparent acrylic** allows for **immediate visibility of the contents**, reducing verification times and improving overall management. Each compartment is equipped with an **independent lock with a dedicated key** (20 keys in total), while a **master key** allows the facility manager to open all compartments if necessary. The **nickel-plated steel hinges** guarantee **mechanical resistance and durability** even with frequent use. Wall mounting via **4 rear fixing holes** ensures stability and security, preventing accidental movement or theft.
