

Picnic table and benches for urban furniture h924_31

Recycled plastic table and bench set for urban furniture. Dimensions: 1450 x 790 x 790 mm.

The **h924_31 picnic table with benches in recycled plastic** is the ideal solution for those seeking a resistant, ecological, and functional product for **urban furniture**. Designed for public parks, rest areas, gardens, schools, and campsites, this set offers a combination of **durability** and **environmental sustainability**. Made entirely of **recycled plastic**, it contributes to waste reduction and environmental protection without compromising on quality and robustness.

The structure is designed to withstand all weather conditions: rain, sun, snow, and temperature changes do not alter its integrity. Unlike wood or metal tables, this set does not deteriorate, does not rust, and does not require periodic maintenance treatments, making it perfect for intensive outdoor use. The weight of **80 kg for the table** and **33 kg for each bench** ensures **high stability**, preventing accidental movement or tipping, even in areas particularly exposed to wind or frequent passage of people.

The generous dimensions of the table (1450 x 790 x 790 mm) and benches (1450 x 350 x 480 mm) comfortably accommodate groups of people, making it suitable for both families and school groups. The table surface is large and allows for organizing outdoor lunches, recreational activities, or moments of relaxation with practicality and comfort.

By choosing this set, you opt for an **ecological and sustainable** solution that combines practicality and respect for the environment. The solid and functional design guarantees a product that will last over time, offering a welcoming and safe place for outdoor conviviality.

Buy now the recycled plastic picnic table to make your outdoor space welcoming and sustainable!

Technical features:

- **Material:** 100% recycled plastic
- **Table dimensions:** 1450 x 790 x 790 mm
- **Table weight:** 80 kg
- **Bench dimensions:** 1450 x 350 x 480 mm
- **Bench weight:** 33 kg each
- **Resistance:** Suitable for outdoor use, weather-resistant

User benefits:

- **Ecological:** Made entirely with recycled plastic
- **Resistant and durable:** Perfect for outdoor environments without deteriorating
- **Easy to install:** Ready for use with minimum maintenance required
- **Stable and safe:** Solid structure for continuous use in public areas

FAQ:

1. Is the product suitable for all weather conditions?

Yes, it is made of resistant recycled plastic.

3. Does it require maintenance?

No, simple periodic cleaning with water and neutral soap is sufficient.

4. Is it an ecological product?

Yes, it is made from 100% recycled plastic, reducing environmental impact.

Mini buying guide:

Choosing a **picnic table for urban furniture** requires attention to materials, dimensions, and durability. **Recycled plastic** is an ideal solution thanks to its **resistance to atmospheric agents** and low maintenance: it does not deteriorate, does not rust, and is easily cleaned with water and neutral soap.

Dimensions are fundamental: with a length of **1450 mm**, this set is suitable for hosting several people comfortably, both in public parks and gardens. The weight of the table and benches guarantees **stability and safety** even in case of intensive use.

This product is a **sustainable and ecological** choice, perfect for those seeking functionality and respect for the environment.
