

## Picnic table and benches h521\_46

Table with integrated benches in recycled material, ideal for picnic and rest areas. Dimensions: W 180 x D 165 x H 79 cm.

The **picnic table H521\_46** is the ideal solution for furnishing public and private areas, such as parks, rural areas, rest areas, and picnic areas. This model stands out for the practicality of the **integrated benches**, offering a complete set that combines comfort, stability, and sustainability.

Made from **recycled plastic material**, the picnic table H521\_46 represents an eco-friendly choice that promotes the responsible use of resources and the reduction of waste. Its robust structure is designed to withstand weathering and wear, ensuring a long life without the need for maintenance. The surface features an **engraved finish** that reproduces natural wood grain, giving an authentic and rustic look without the costs and commitment of traditional wood maintenance.

With dimensions of **W 180 x D 165 x H 79 cm**, this table is perfect for group activities, outdoor lunches, and moments of relaxation. Thanks to its robustness and resistance, it is particularly suitable for high-traffic public spaces.

The product is supplied in **kit format**, ensuring easy transport and simple, quick assembly. This makes it ideal for both fixed installations and temporary use. The **compact and functional design** ensures optimal use of space, integrating perfectly into natural or urban environments.

Make your outdoor spaces more welcoming with the **picnic table H521\_46**! Robust, practical, and made with sustainable materials, it is the perfect choice for public or private areas. Order now and promote an eco-friendly lifestyle!

### Technical features:

### User benefits:

- **Sustainability:** Made from recycled plastic, it contributes to waste reduction and the responsible use of resources.
- **Resistance and durability:** Designed to withstand the elements, it does not require maintenance like traditional wood.
- **Natural aesthetics:** The finish that reproduces wood grain gives an authentic and pleasant appearance.
- **Easy installation:** Supplied in kit format for quick and simple assembly.
- **Versatility:** Perfect for parks, picnic areas, rest areas, and dining points.

### FAQ:

#### 1. Is the table weather-resistant?

Yes, it is made of recycled plastic, a material designed to withstand the elements and ensure long-lasting durability without the need for maintenance.

## 2. How is the product supplied?

The table is delivered in kit format, facilitating transport and assembly.

## 3. Does the material require maintenance?

No, unlike natural wood, recycled plastic material does not require painting or treatments, ensuring minimal maintenance.

## 4. In what contexts is the use of the table ideal?

It is perfect for parks, nature reserves, picnic areas, rest areas, and green spaces in urban or rural contexts.

### Short buyer's guide:

If you are looking for an outdoor table for green areas, parks, or dining areas, the **picnic table H521\_46** is an ideal choice to combine practicality, aesthetics, and sustainability.

This model is made of **recycled plastic**, a robust and durable material that offers numerous advantages over traditional wood. It does not warp, rot, or require periodic maintenance treatments, making it ideal for use in high-traffic public spaces.

The **generous dimensions** and **integrated benches** make it perfect for accommodating groups of people, ensuring a comfortable experience for picnics, lunches, or outdoor group activities. Its **engraved finish**, which mimics wood grain, integrates harmoniously with the natural environment, improving the overall aesthetics of the space.

Practicality is another strength: the table is supplied in **kit format**, which facilitates its transport and installation, making it a versatile solution for both fixed and temporary installations.

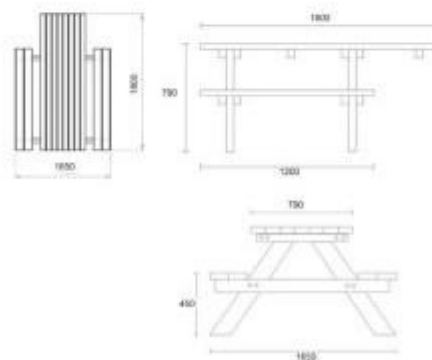

Finally, the **picnic table H521\_46** represents a sustainable choice, contributing to waste reduction and promoting responsible resource use. Ideal for municipal administrations, accommodation facilities, or private individuals, this table is a lasting and environmentally friendly investment.
