

Picnic table for park h521_45

Table with integrated benches, in recycled material, ideal for picnic areas and rest zones. Dimensions: W 180 x D 165 x h 76.5 cm.

The **H521_45 picnic table** is an ideal choice for those who wish to furnish outdoor spaces with a functional, durable, and environmentally friendly solution. Perfect for parks, picnic areas, rural zones, and refreshment points, this table combines practicality and aesthetics thanks to the **integrated benches** that make it a complete solution for hosting groups of people.

Entirely made of **recycled plastic material**, the table is designed to ensure a low environmental impact, actively contributing to waste reduction and the adoption of sustainable practices. Despite being produced with recycled plastic, its **engraved finish** faithfully reproduces the grain of natural wood, offering a rustic and authentic look that integrates harmoniously into natural contexts such as reserves, parks, and green areas.

Unlike traditional wood, the material of this table requires no maintenance: it is resistant to atmospheric agents, weathering, and wear, ensuring a long duration without the need for periodic treatments like painting or waterproofing. This makes it a particularly suitable solution for high-traffic public spaces, where robustness and practicality are priorities.

The table with overall dimensions of **W 180 x D 165 x h 76.5 cm**, offers sufficient space for outdoor meals, group activities, or moments of relaxation. Supplied in **kit format**, it is easy to transport and assemble, making installation simple and fast, also ideal for temporary or mobile installations.

The **H521_45 picnic table** is the perfect choice for municipal administrations, tourist facilities, and private individuals who want to improve their outdoor spaces with functional, high-quality, and environmentally friendly urban furniture.

Furnish your outdoor spaces with the **H521_45 picnic table**! Robust, eco-friendly, and easy to assemble, it is perfect for parks and green areas. Choose a sustainable and practical solution: buy now!

FAQ:

1. **What material is the table made of?**
It is made of recycled plastic, a sustainable and weather-resistant material that ensures a long lifespan.
2. **Does the table need maintenance?**
No, the material is designed to resist wear and does not require periodic treatments like natural wood.

3. How is the product supplied?

The table is delivered in kit format, facilitating transport and assembly.

4. Is it suitable for use in public environments?

Yes, it is designed for public areas such as parks, picnic zones, and rest areas, ensuring robustness and durability over time.

Mini buying guide:

The **H521_45 picnic table** is the ideal choice for those who wish to furnish public or private spaces with a practical, robust, and ecological product. When choosing an outdoor table, it is important to consider some fundamental aspects.

First of all, the material: this table is made of recycled plastic, which offers numerous advantages over natural wood. It is weather-resistant, does not deform, does not rot, and does not require painting or protective treatments, ensuring a long life and minimal maintenance.

The aesthetic appearance is equally important. The **engraved finish** that reproduces the grain of natural wood gives the table an authentic and welcoming look, perfect for integrating into parks, nature reserves, and other green areas.

Practicality is another strength. Supplied in **kit format**, the table is easy to transport and assemble, making installation quick and simple. With generous dimensions and integrated benches, it is designed to host groups of people, ensuring stability and comfort.

Finally, consider the environmental impact. By choosing the H521_45 table, you contribute to reducing plastic waste, promoting responsible use of resources and greater environmental sustainability.

Choose the H521_45 picnic table to combine functionality, aesthetics, and respect for the environment in your outdoor spaces!

Park picnic table, recycled plastic integrated bench table, sustainable picnic area table, recycled plastic table urban furniture, park rest zone table.
