

Picnic table for urban furniture h28744

Picnic table with integrated benches ideal for public parks, made of wood and steel. Length 190 cm. Ground level anchoring. The picnic set is an important furnishing element for equipping public spaces such as parks and gardens.

The product will allow citizens and tourists to enjoy pleasant picnics in the open air while respecting the environment.

The set consists of a table and benches and is designed for **ground anchoring**.

The product features a **round tube structure Ø 50 mm** and **Nordic pine wood** pressure-treated in an autoclave with non-toxic salts.

The **seat** consists of **two planks** while the **table top** consists of **six planks** with a 110 x 45 mm section fixed with galvanized steel bolts.

The steel parts of the picnic set are hot-dip galvanized in accordance with the **UNI EN ISO 1461** standard.

Technical features:

- Picnic table and benches
